A School Programs

Description: TMT redirected trainer rehost/upgrade of physical trainers to PC-Simulation. 11H116 Advanced Radar trainer is now a PC-Sim candidate. Also, 14 additional trainers are being changed to PC-Simulations and test equipment programming re-use will be implemented. These efforts will be combined with the Electronic Classroom (ECR) effort of the Phase IV technology infusion. ECRs/AECRs installations will include a total of 43 2H145 (22) and 2H146 (21). They will consist of 12 upgrades and 31 new deliveries with 11 courses being converted to CAI.

Issues: FY04 PC Simulation Funding not yet received.

Competition Type: TSC II Lot IV Open **FOpening Range**: 10-1

Contract Award Date: 7/12/04 **RFP Date**: 4/8/04
